The President has nominated Declin S. Wade, chief justice of the supreme court of Montana, and J. B. Allen, United States attorney for Washington territory.

Our cattle-trade with England is at a standstill. The decision of the British government as to scheduling the United States as an infected country is looked for with anxiety.

Whitman & Wood, E. B. Stonehill and Henry E. Highton have been released by the plaintiffs in the case of Levi Strauss & Co., and others against Louis Hyams and others.

Mary E. Wiggins has instituted suit against Geo. H. Wiggins for a dissolution of the bonds of matrimony on the ground of desertion and failure to provide. Plaintiff asks for the custody of the child, Geo. E. Wiggins, 2½ years old.

A dispatch from Chicago to the commissioner of agriculture declaring the non-existence of the cattle disease in the West was yesterday forwarded to the secretary of state, and today Secretary Evans had a copy of the same sent to the British minister.

The body of water struck in the De Forest mine a few days ago, runs into the main shaft from the 210-foot level and disappears at the bottom, where it goes nobody can tell.

## Pistol and Knife.

**EUREKA,** Feb. 5.—About half-past 1 o'clock this morning a very serious shooting scrape occurred in a saloon next door to the *Sentinel* office. Billy Joseph and Mike Batista, both Italians, got in a difficulty, when Joe Simpson attempted to part them and did so, when Joseph drew an ugly-looking knife, which the officer took from him. He then drew his pistol and attempted to shoot, but the pistol missed fire. The officer deeming himself in peril fired three shots. Batista, the other Italian, took refuge behind the bar and during the shooting received a shot in the mouth and cheek. Joseph is badly wounded and it is thought he will die.

## Murdering and Lynching.

**CHICAGO,** Feb. 6.—A terrible double tragedy occurred at Wrightsville village, southern Illinois on Monday night. Charles E. McAuliffe, a physician, invited his wife and her brother Mr. Heavener, into his drug store, and after drinking with Heavener, shot him dead with a shotgun. The doctor fled, but was found by the constables, but before they could get him in jail an infuriated mob of sixty persons seized him and hanged him to the limb of a tree.

## Important Information.

**NEW YORK,** Feb. 6.—A story is current on creditable authority that the Southern Pacific railroad, instead of being pressed forward across Texas, is to be rapidly pushed forward to Tuxac, Mexico, and thus reach and control a large Mexican trade. This tends to confirm the rumor that the Southern and Texas Pacific railroad interests have been compromised and harmonized. The foregoing, however, is not given by authority.

## Springer's Opinion.

**WASHINGTON,** Feb. 6.—Springer, of the Potter committee, says: "Governor Tilden has not been suspended, and I have my doubts whether he will be. This, however, does not make any material difference, for in any case we shall give him an opportunity of appearing before the committee, and it is not likely he will miss the golden chance, if I know him aright."

## Major Report.

**CHICAGO,** Feb. 6.—In the Reno inquiry yesterday various testimony was elicited. One witness, a train porter, swore that Reno, while holding a bottle of whisky in his hands, slapped him, and the whisky flew out of the bottle on both of them. He would call a man in the condition of Reno very drunk, as he was obliged to hold on to wagons and lean against trees to keep his feet.

## Killed in Texas.

**GOLIAD, TEXAS,** Feb. 6.—Two men, Henderson and Lockhart, quarreled yesterday. Both drew revolvers, when Lockhart caught Henderson's arm and fired six shots into him, killing him instantly. Henderson's brother reached at Lockhart with a pistol. They closed, and in the struggle Henderson emptied six cartridges of a revolver into Lockhart's body, causing his instant death.

Talk is Cheap.

And so are fine clothing, boots shoes, hats and gentlemen's and boys fine furnishing goods. If you go to the right place to get them, this is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. I do not boast when I say that I defy competition in prices in anything in my line. Besides this I have only one price. I have no preferred customers. Everybody is treated alike at my establishment. My stock is the largest and most complete ever offered in any part of this State. Everything I have is new. No old, musty and out-of-date goods can be found on my shelves. I receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of my prices and examine my stock before going into those hamburgh, cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of deceiving the public. One must make a profit to live. I particularly call attention to my full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of my specialties. Remember the place, The White House, No. 19, Commercial Row. Orders from the country promptly attended to.

## Let it Concern All.

Who is there that can say "I am under obligation to no one?" The young man just entering business life owes to the home in which he was nurtured and educated, to the parents who have supported him, and to the younger members of the family who have been denied luxuries to make his advancement sure. At middle age the necessity for insuring life increases with his responsibility. If in health, his first duty should be to attend to it. Unhealthy lives are not insured. Insure while you are in an insurable condition. Every day brings with it the possibility of some cause which will forever bar insurance. Let not the father of a family suffer the opportunity to pass without embracing it. He owes it to his wife, to his children and to the State. To become a member of the Seaford and Marin Mutual Beneficial Association of Petaluma costs from \$5 to \$10, according to age. Members of the Seaford Agency have already been paid about \$10,000 in benefits. Over \$300,000 have been paid in benefits since its organization in 1858.

### AN INFAMOUS SLANDER.

That vile and infamous sheet, the *National Police Gazette*, attacks the Rev. Mr. McKelvey of this place, for his remarks on the evening of Jan. 10th, at a prayer meeting for the press, and the Reno Evening GAZETTE for publishing them. The sentences to which the paper spoken of takes exception, reads thus: "It is true that there are plenty of impure and pernicious publications." [He referred to such vile prints as the *Police Gazette*, and periodicals of that class.] "Groups of boys may be seen gathered around them when they are brought into view at the news stand, gloating upon the illustrations and the accompanying print." The editor proceeds to suspect that our "Reno tumbler is an exotic from the East who is desirous of astonishing our Western friends by some grand and lofty tumbling that shall emulate the feats of our New York and Brooklyn clowns." He thinks "there are localities in the East that years for him—notably a couple of penitentiaries or so." The editor of the GAZETTE is "a blacksmith printer, tramp, rat and all that, and has left this section for its good. Now he is a purist; a defender of morals and the faith. Brother McKelvey's portrait will soon appear, and we have no doubt many of our readers will recognize and appreciate the service." As for the GAZETTE man, "he is beneath our notice." Of course such a man as the Rev. Mr. McKelvey, needs no defender, and as for an editor or two, more or less, what are they for, except to be abused? The teachings, tendencies and influences of the pulpit are as different from those of the *Police Gazette* as heaven is different from hell; as different as a white dove is from a toad. St. Paul teaches that the thoughts we entertain form our characters. This is true of all of us especially at a certain age. Consider for a moment the class of thought aroused in the mind of a boy by the pictures of nude limbs and busts and the suggestive attitudes; the embracings and kissings; the clinging draperies showing the voluptuous outlines of the female form, of which the *Police Gazette* is made up. Conceive, if possible, the character of the man who, by pandering thus to the lower instincts of man's nature, fills his purse with coin; consider the multiplication of infamy and the depth of calculating villainy which hopes to increase such a profit by fostering and developing the blackguard instinct in the rising generation.

### THE RAILROAD QUESTION.

Nearly every man in the legislature went to Carson under orders to see that the railroads in Nevada were made to stop extortion and discrimination. We give them credit for honestly trying to do their duty in this respect. They have done much to secure the passage of the Reagan bill through congress, which seemed to touch the spot where Nevada was sore, and have adapted it to our local roads in the Williams bill, and passed it. If this bill is what its friends claim it to be, it should be left to work the reform it touches, without any other tinkering legislation. If it will prevent discrimination and larger rates for shorter hauls, let the numerous bills on file, which will only interfere and obstruct the operations of the Williams bill, be killed. The only safety for the people is to insist upon this course. If we stick to the plain letter of the Reagan and Williams bills, there can be no mystifying; no loading down of the subject by any traitorous members, if there are any. The statute books might very easily be rendered contradictory and complicated as to afford no relief. To continue in introducing and passing a swarm of petty trifling bills, full of experiments and perhaps danger, would practically annul all the good that has been done, and might render an extra session necessary, in case it became impossible to run the railroads under the laws. It would be very unwise also, to violate the rights of the railroads, which are as sacred as our own.

### STATE FINANCE.

The annual report of Ex-State Controller W. W. Hobart for the fourteenth fiscal year ending December 31st 1878, is the most complete controller's report ever given in this state. This report is clear, full and satisfactory. After a careful perusal of its contents we glean the following facts, figures and conclusions. The present condition of the state finances is much better than at any previous time in the history of this state. In 1871 Nevada was \$800,000 in debt. The financial officers in that year prepared a bill which passed the legislature funding the state debt. A bill also was enacted in the same year to tax the net proceeds of the mines. From these causes, principally, the present prosperous condition of this state may be attributed. Among the remaining causes of our financial prosperity are the prosperity of our mining interests, the increase of real and personal property and the perfecting of our system of state government and especially state finance.

The total receipts of last year from all sources were \$604,166, total state expense \$365,839. There was, Jan. 1879, in the following funds, these suspended amounts: General fund, \$334,066; state building fund, \$132,729; state school fund, \$63,528; general school fund, \$29,729. Or a total and in all the state funds of \$712,951, from this sum there is to be deducted outstanding warrants amounting to \$44,985. The total value of the real and personal property amounts to \$28,024,610; total state tax at 90 cents on this property \$255,403; total county tax \$462,148. The amount of taxable property for 1878 is nearly \$1,500,000 less than in 1877. The controller does not give any reason for this deceleration, but one cause lies in the correction of property values by county assessors. The net proceeds of the mines for Oct. 1st, 1877 to Sept. 30, 1878, was \$23,043,969; state tax on this amount \$207,413, or within \$50,000 of the tax on real and personal property. The state debt aggregate \$506,614, but the state assets are sufficient to pay off this entire indebtedness and leave a surplus in the treasury of \$230,658. Mr. Hobart recommends that the present legislature reduce the state tax from 90 cents on the \$100 of taxable property to fifty cents, and says if the building fund be turned over to the general fund the rate of taxation may be placed at forty cents.

The controller strongly recommends that the legislature pass a law doing away with the fee system now in use, and by which the various county officers receive their compensation for services performed. He suggests instead, the law of regular salaries. His comparison between the state officers salaries and the fee emoluments of the county officers of Storey county, makes the strongest showing in favor of his recommendation. From this comparison the report shows that the Storey county officers receive about twice as much as the state officers. Even the justice of the peace of Virginia City receives nearly as much as the chief justice of the state. He further says that as long as the present rates of fees are maintained as compensation for the services of county officers just so long will the tax-payer complain of the burdens of high taxation. It is extremely gratifying that this state is in such a sound financial basis. Much of this is due to the able financing of Mr. Hobart, but more to those brave hearts who stood by the people and made the delinquent mining companies pay their just proportion of the state taxes.

### A VOTE ON THE CHINESE QUESTION.

The efforts put forth by the press of this state under the lead of the GAZETTE to obtain a vote on Chinese immigration is likely to be realized, though not in time to do any good at this session of congress. Senator Cassedy on the 5th introduced bill No. 83, which reads as follows:

WHEREAS, It is expedient that the wishes of the people of this state upon the subject of Chinese immigration should be unmistakably expressed, therefore the people of the state of Nevada represent in Senate and assembly do enact as follows:

SECTION 1. That thirty days prior to the next general election in this state the governor shall issue his proclamation, calling upon the electors to signify at said election their will as to the continuance or prohibition of Chinese immigration, by placing upon their ballots the words "For Chinese Immigration" or the words "Against Chinese Immigration," and the inspectors and judges of election at each and every poll in the state shall ascertain and make returns of the number of votes cast "For Chinese Immigration" and the number of votes cast "Against Chinese Immigration," in like manner as other votes cast are required to be counted and returned, and an abstract thereof shall be transmitted by each county clerk in the state, in the same manner, and recommending that the salary of the Minister to Berlin be continued to Mrs. Taylor for one year. It was referred.

The naughty Stockton Herald copies this from a Boston paper: "Julia Ward Howe has gone to bathe her feet in the river Jordan." We shall next hear that the holy river has overflowed its banks.

Washington will have another session in the spring, and will meet with the same result as the October.

votes given at such election, and certify the same to the governor.

Sec. 3. The governor shall prepare a memorial from the people of the state of Nevada, attested by the secretary of state, with the great seal of the state attached, setting forth in brief the question submitted to the electors and the vote thereon, and send copies thereof to the President and Vice-President of the United States, to each cabinet minister, senator and member of the house of representatives, and the governor of each state and territory.

This bill will undoubtedly pass both houses unanimously and receive the governor's signature. The vote is easy to foretell. An overwhelming demonstration will be made and published all over the Union. California already has such a law and the vote will be taken next fall.

### EDITORIAL NOTES.

Senators and assemblymen are having a good deal of light and entertaining reading placed on their desks every morning under such titles as this: "An act to amend an act entitled an act to amend an act entitled an act to regulate proceedings in civil cases in the courts of justice in this state, and to repeal all other acts in relation thereto, approved March 8th, 1869; approved March 5th, 1877.

The Chinese question sinks into insignificance in the East compared with the billiard tournament in progress at the Cooper Institute, New York City, St. Louis, Cincinnati and Chicago papers have big headed articles and telegrams every day reporting progress.

We received this morning a copy of the *Daily Sand Lot*. It is to be the official organ of the W. P. C., which means the working men's party of California. Wm. Wellock & Co. are the publishers. It is very neatly gotten up.

The GAZETTE may be found on file at Geo. P. Rowell & Co.'s newspaper bureau, No. 10 Spruce street, New York.

Two men killed with an ax.

Elko, Nevada, Feb. 6.—A terrible tragedy occurred yesterday evening at a wood camp near Moore's station, about four miles from Humboldt Wells. Meager particulars have been received. It is known that two men procured a gallon of whisky at Wells, and returned with it to the camp; that they got drunk and went to the cabin of a woodchopper threatening his life; that they opened the door and threatened the man with a rifle and a revolver; that the man seized an ax and resisted the attack, cutting each of his assailants severely. The assailants were arrested by Deputy Sheriff Rank Chase, who started for Elko with them. One of them died on the train and the other is now lying in a critical condition and cannot survive. The party attacked is generally exonerated by those who are familiar with the circumstances of the case.

The Times That Try Men's Soul.  
(N.Y. Express.)

When he pops the question.  
When his wife wants to talk and he doesn't.

When he writes to his best girl and has to wait two weeks for a reply.

When such is placed before him five mornings in succession at his dwelling house.

When he peers his head through his last clean shirt, and finds no button on behind.

When he buys a pair of shoes and discovers two big holes sticking up in the heels.

When he hurries around a corner and lands square in the arms of a man who holds his I.O.U.

When he takes his girl out and discovers he has left his pocket-book at home.

When he comes home early in the morning and his wife wants to hold a little debating society in the lower hall.

When he goes home at night, finds a house full of company, and his wife blissfully ignorant of the fact that dinner is not ready.

When in his dreams he is standing on the verge of a precipice, and his wife suddenly reminds him that he isn't; but that he is jerking her "banged" hair all to pieces.

When the devlin makes a call at his home and tries to make him believe that \$25 will purchase new red flannel pants for all the little colored girls in Africa.

When he dives down into the bottom of his trunk, jerks out what he supposes is a clean pair of socks, but only finds an old table napkin, with four white neckties put away for next summer.

When, after waiting in a barber shop for an hour, and hearing the welcome word "next," he sees a little fellow shoot up from behind a paper and slide into the chair like a streak of greased electricity.

A Chapter of Casualties.

LOS ANGELES, Feb. 5.—In a quarrel last Saturday night, at a ball on San Pedro street, Pierre Belliard shot and killed Wm. Jones, commonly known as "Shakes." Belliard was arrested and is now in jail.

A woman named Mollie Potts unsuccessfully attempted suicide last Saturday night. Desertion and morphine were the principle agents in the case.

A Mexican, name unknown, was run over and killed Monday night on San Pedro street by the train from Santa Monica.

Application for relief in Glasgow for the week ending February 1 were 300 less than any preceding week. The regular recipients have surrendered their relief tickets, intimating that they have found employment. About 800 people are still supported by charity.
